--	--	--

Note: *If you should be receiving a Length of Service Award but are not listed above, or if you feel that you are on this list in error, please contact mwhite@memun.org, no later than July 31st.*

We will correct your MTCMA membership records and award.

Here is some information regarding this awards program and how we calculate your years of service:

Given out in five-year increments, this award is given to current members of the MTCMA who have reached milestone years of service. The information is gathered by the MMA Affiliate Office annually via your membership verification form.

Each member who has reached a milestone year is presented with a certificate at the Institute. If the member is not in attendance at the Institute, it is mailed to the member after the event. The cut-off date for calculating length of service will be May 31 of the current year. Example: for awards given out at the Institute in August 2024, the length of service cut-off date is 5/31/2024.

NOTE: *Length of service is defined as years in the profession where a member was or was eligible to be a Corporate Member. Years spent in the profession when a member was not the full-time head of a municipal or county government (ex. department head) shall not count toward length of service.*

If you not registered for the MTCMA's 78th New England Management Institute, please follow this link to register - <https://www.memun.org/Training/mtcmas-78th-new-england-management-institute>
